

# VIRGINIA CONSORTIUM OF QUILTERS

June 2016 Volume 34 Issue 2

## A MESSAGE FROM THE PRESIDENT –

Susan Price

Summer greetings! Can it really be June? I've lost track of time. Since the whirlwind of Celebration at the end of April, I completed a couple of quick projects at the beginning of May. Then my husband had a motorcycle accident and spent 25 days in the hospital & rehab. He was home for 3 days, then came down with a fever and had to go back to the hospital, but is now home again. Hopefully things will be looking up from now on as his recovery continues, and maybe I'll be able to squeeze in a little quilting time this summer.

We had a great meeting in March in Charlottesville, with 66 members in attendance. The Doubletree Hotel worked well as a venue, allowing us to stay overnight and meet in the same place. The classes were awesome and we had a productive business meeting, voting to raise annual dues from \$20 to \$25 effective for the 2017 membership year, and increasing all workshop fees by \$10 effective with the August meeting.

Celebration 2016 at the end of April was another successful event. There were many positive comments and evaluations indicate that a lot of people were satisfied with the changes we made this year, including a bit more free time, less time sitting through evening programs, and giving generous Welcome bags at check-in. The Treasure Hunt and "Ice Breaker" were popular new activities, along with the standard silent auction, block lotto and raffles. There were positive comments on teachers and classes, as well as suggestions for improvement which are always welcome. I do want to address some things in regard to the 4-H center. The center has set menus that we choose from, and we tried hard to choose food items that would provide variety as well as covering all bases for people with dietary restrictions. We would have liked to include additional fresh fruit as some suggested, however it

was cost prohibitive – an extra \$1.25 per person per meal. Meals are actually the largest of the facility costs. Regarding classroom space, we do our best to match the classes with the spaces available according to class size and needs. Obviously, some spaces work better than others. For 2018, the new building under construction (staff dormitory) will also have some meeting space so we expect to be able to add that to what has been used to date. Please continue to send your ideas and suggestions by completing the evaluation sheet if you haven't already done so, so that we can share them with the 2018 committee chaired by Susan Beard. And if you want to have a bigger impact, volunteer to join the committee!

Once again we have a few positions on the board to fill. Debi Harding will be stepping down as Facilities chair at the end of the year, so we need someone to take on this important position. We also will be looking for a new newsletter editor to take over in 2017. If you are interested in either of these positions, please let me know.

I am looking forward to the August meeting in Blacksburg, a location that we have not been to in many years. A local quilt shop will be open extra hours for us on Friday, and the Virginia Quilt Museum is hosting a fiber flea market. And of course the Program Chairperson's have some great classes lined up for us. What a great opportunity for a summer road trip and some row by row shop hopping! Hope to see you there!

Phone 540-433-3818

*Preserving, celebrating, and nurturing Virginia's quilting heritage*

[www.vaquiltmuseum.org](http://www.vaquiltmuseum.org)

Designated the “official quilt museum of the Commonwealth” by the General Assembly

**May 17 – September 10, 2016**

### **American Pride: Eagles & Stars**

#### **Quilts from the Pat and Arlan Christ Collection**

The Christs, husband and wife quilt collectors and historians from Pennsylvania, have amassed a collection of patriotic quilts that reflects the American Pride of those who immigrated to this new land and toiled to build and strengthen the nation. This exhibit is dedicated to those who have served in the United States military and the creations are a testament of the American Pride that is worked into each stitch.

### **Presidential Connections: Quilts, Virginians and the Whig Party**

This exhibit presents a series of quilts and other items related to presidential campaigns. All of the items demonstrate connections between Presidents, Virginian families and the Whig Party. The quilt patterns and campaign memorabilia are bound to impress any fan of American history and politics.

### **Along the Spice Route**

Returning crusader knights brought with them treasure chests not filled with jewels, but cinnamon, ginger, and peppercorns. The story of spices, some 5000 years old, is also the history of trade and commerce. The discovery of the American continent is due, in part, to the European desire to break the Arab traders' spice monopoly. “Along the Spice Route” features 41 wall quilts depicting artistic interpretations of spices that refine modern cuisine. The exhibit offers an opportunity to discover the spices’ countries of origin, the importance of ancient trade routes, and the lasting connections between the world’s cultural heritages.

### **“Quilts That Go Bump in the Night”**

That is the name of Polly Mello’s collection from the dark side of quilting and sets the theme for the Virginia Quilt Museum’s Second Annual Seminar, **Mourning and Meaning Through Cloth**, October 21 and 22, 2016 in Harrisonburg. During this two-day prelude to All Hallows’ Eve, we will explore the connections between textiles and illness, death, burial, and mourning traditions in American history.

Seminar lecturers include Dr. Craig Friend, NC State University, who will speak about the history of mourning practices in the U.S. Dr. Friend is the university’s Director of Public History and Editor of *Death and the American South*. Dr. Karin Bohleke, Director of The Fashion Archives and Museum of Shippensburg University, will present mourning clothing and memorabilia. Finally, Polly Mello, keynote speaker, will present “Midnight in the Garden of Quilts”.

Additional features of the Seminar will include a tour of the historic Woodbine Cemetery and Hugo Kohl’s Jewelry Museum, where Mr. Kohl will present a Mourning Jewelry lecture. Participants are also invited to a Quilt Turning hosted by ghosts of the Warren-Sipe House, and more.

Tickets and a full schedule will be available in July at [www.vaquiltmuseum.org/events](http://www.vaquiltmuseum.org/events)

Fabric pencil, marker or pen to draw lines on batting  
Pen & Paper

**Fabric Requirements (please prepare before class so we can get started without having to cut):**

**SCRAPPY STRIPS:** A variety of 1.5" x 9" scrap strips, prepared as follows-

Cut 48 strips (1.5" x 10") from a colorful variety of scrap fabrics.

Choose fabrics completely at random without trying to coordinate anything (really, choose randomly- it'll turn out great, I promise!)

Divide strips into 4 sets of 12, and put each set into a plastic sandwich bag.

The sets can be all alike or different, depending on how many different fabrics you used, but each bag should contain strips of 12 different fabrics.

**OTHER SCRAPS:** Grab a couple handfuls of scraps, any shape, in a variety of colors and prints- none smaller than a 1.5" square, none larger than the palm of your hand.

**BATTING SCRAPS:** (A needle-punched, low loft cotton batting like Warm & Natural works best, no fluffy batting for best results please):

Cut as follows-

4- 5" x 14" strips

1- 12" x 12" square

1- 6" square

**FAT QUARTERS:** Bring 2 "What was I thinking?" FQ's (you know, the ones you bought but can't imagine why...) to use for backing of samples.

**About your teacher:** Karen Brown lives in Blacksburg, where she is an active member of three New River Valley quilt guilds. She loves the process of creating something beautiful and unique from small scraps that many quilters throw away, and has become known as "the lady who makes quilts with all those tiny pieces." Bags of fabric scraps appear in her chair or in her tote wherever she goes! She'll never live long enough to use them all up though, because they do multiply when you leave them alone in your sewing room, you know.

**About your teacher:** The Sewing Studio, Inc. opened in October of 1992. I originally started the store with the thoughts that it would be geared more towards the garment seamstress. I loved to sew clothes for myself and my family. I had always admired quilts but had never made one. As the store evolved I realized I would have to change in order to stay in business because there were just not enough people sewing clothes. However, the quilters in this area were begging for a place to have quality fabrics, notions, and classes. And so I made my first quilt. And that was all it took. I was hooked. Quilting became my new passion. I took classes myself anywhere that I could and had visiting teachers in the store to share their knowledge. I attended Markets to learn more and I can hardly wait each time a new fabric shipment comes in to see what new things can be created. We also started selling sewing machines and boy, have they evolved. From a top notch sewing machine with decorative stitches, to a world class embroidery machine and now the new wave is long arm quilting machines. It just keeps getting better.

## Workshop D: Needle-turn applique with Audra Rasnake

**Description:** Needle turned applique involves using the point and the shaft of a needle to turn under the raw edges of applique fabric as it is stitched down onto the background fabric. This class will teach the basics of this technique. You will learn how to draw out your pattern, baste it down, and then applique it onto the background fabric. You will learn to do inside and outside curves and inside and outside points...the four basic techniques needed to do all applique. We will be using the folded cutwork technique and cut our patterns out of freezer paper.

**Skill Level: Beginner**

**Materials/Supplies:** Applique needles (I prefer size 10, but individuals can decide for themselves)

Regular sewing needles to use for basting

Some “ugly” thread for basting (it will be removed so don’t use your best thread)

Pair of very sharp scissors with a very sharp point

Paper cutting scissors

Thimble

Pins

Very fine tip marker (I use a Micron #02 black) or a mechanical pencil (depending on how dark your applique fabric is will determine what works better...you may want to have both)

Thread that matches your applique fabric (NOT the background fabric...if you can’t find an exact match, greys and taupes work well)

**Instructor will provide:** Freezer paper

Stapler and staple removers

Beginner friendly patterns

Paper and pencil to take down notes

**Fabric Requirements:** 20” by 20” background fabric and 16” by 16” applique fabric (it doesn’t matter which one is dark or light but make sure there is good contrast between the two...I also recommend batiks...they are kinder to beginners)

**About your teacher:** Audra is a fourth generation quilter who is self-taught through observation and persistence. She has been a juried seller at Holston Mountain Artisans (then known as the Cave House Craft Shop). For many years she sold quilts and did consignments until in 2012 she was able to begin to make her own first show quilt. “Hadassah” has been in 9 national shows and brought home 7 ribbons. Another show quilt should be complete by summer of 2016. A recent article about Audra’s quilting can be found at [http://www.swvatoday.com/townnews/bible/article\\_cf96b52c-319e-11e6-8634-533d410f3b7a.html](http://www.swvatoday.com/townnews/bible/article_cf96b52c-319e-11e6-8634-533d410f3b7a.html) . She has many ribbons for hand quilting and also excels at needle turn applique. She loves complicated and intricate designs...the harder the better. Happily married for 23 years she has two boys and in addition to quilting loves to read and cook, especially soups. She says that “one day she may also become a cat hoarder”; she loves classic rock and forensic TV shows as well as Star Wars. She would like to move to Scotland and plans to spend many years creating quilts and thanking God for the precious gift he gave her to be able to do so.

**Workshop E: Come Quilt With Me.** Bring your own project to work on as you sit and quilt with other members and experience some good fellowship. Highly encourage attendees to bring hand sewing/quilting due to some space limitations.

### **A Message to Members about Quarterly Meetings**

Since its inception, VCQ has been using a model of “host” guilds sponsoring our meetings. As times have changed and quilting has grown, there are many more guilds and opportunities for quilters than there were in 1984. Consequently, the relationship between VCQ and local guilds has changed. Local guilds with few VCQ members receive little benefit from “hosting” a VCQ meeting and in the last few years, it has become more and more difficult to find “hosts” and locations for our meetings. For the most part, our board members have taken over being the “host” and providing the information needed to plan meetings. As we continue to schedule meetings around the state, we need our members to “step up” and volunteer to be the “host” (along with 1 or 2 others in your area). What this entails is working with the Facilities coordinator to locate a facility, hotel, and caterer recommendation for lunch. The Facilities coordinator will make the calls and contract arrangements, but we need a local person to provide the information to get us started. The board is asking our members to take a more active role in this process. If you or your guild would like to sponsor a meeting in your part of the state, contact the Facilities Coordinator or any of the Board members. We have locations for 2016 and part of 2017 but need locations for August and November of 2017, and beyond. Also, if you know of quilting teachers we would be interested in, please contact Elizabeth Gibson, Programs Chair/Teachers at [kunamola@aol.com](mailto:kunamola@aol.com) or 703-481-6879. Thanks for your help to keep VCQ thriving in the 21<sup>st</sup> century!
