

## THE VCQ 'THINKING OF YOU' BLOCK

In talking with some of our members, it has been suggested that we make this pattern our official remembrance block and file it away for use when you want to let VCQ members know you are thinking of them. Use it in time of illness, sorrow, to extend congratulations, or just to say "I'm thinking of you." The pattern is taken from an old friendship block and made in this size fits perfectly inside a card. Making it up in old looking fabrics would be in keeping with the time period of the design. The large center triangle should always be muslin; write your message or name/date in this area. The original quilt had the blocks set on point with narrow sashing strips between them.

Add 1/4" seam to pieces.

Add 1/4" seam to pieces.

Finished Block size is 4 inches.
