Visible Mending: Re-Create, Repair, Reimagine - Hand sewing

Supply List: item of clothing which may need repair/upcycling. Suggested items to be mended may include jeans, jean jacket, flannel or linen shirts. Cotton, denim or linen/flax items are best (t-shirts or stretchy fabrics are difficult to work with). Suggested items to use in mending are lace, vintage hankies, orphan quilt blocks and odd/unusual buttons are possible mending items. If NOT purchasing a prepared kit (see below), wide eye, long, sharp needle (Sashiko needle), fabric in coordinating, contrasting or complimenting to the item to be mended. Disappearing marking pen of choice. Embroidery thread to coordinate/contrast or compliment item to be mended. Basic Sewing Kit (BSK).

Fabric Requirements: No fabric required, unless the student intends to coordinate/contrast or complement the item they are planning to mend/upcycle. A container of fabric is available for rummaging. A visible mending kit (see above) is available for purchase (see above). A two-week notice is enough time to prepare kits.
